

EBY

TRUCK BODIES

SERVICE BODIES

STRENGTH, SECURITY, AND ERGONOMIC DESIGN

Eby aluminum service bodies deliver lightweight durability, secure storage, and dependable performance for the most demanding jobs in any vocational industry. Built with premium grade USA, corrosion-resistant aluminum, Eby service bodies help crews stay organized, efficient, and ready to tackle the biggest challenges on the job site every day.

ADVANCE

ENCLOSED SERVICE BODY

8'5", 9'3", and 11'3" LENGTHS

ADVANCE enclosed service bodies outperform steel bodies from top to bottom with greater fuel efficiency, less maintenance, and overall lower cost of ownership. Every feature of the ADVANCE is engineered for long-term durability, superior organization, and ergonomic functionality. Protect your tools, optimize your crews workflow, and tackle the toughest jobs with confidence.

Some features depicted are optional. Specification and features are subject to change without notice, contact an authorized Eby distributor or retail location for details.

RENEGADE

SERVICE BODY

8'5", 9'3", and 11'3" LENGTHS

We designed the Eby Renegade service body with standard features that exceed expectations and combine lightweight all-aluminum construction with a massively strong extruded sub-structure. Designed for durability and ease of use, Renegade features expanded storage capacity, ventilated cabinet systems with sealed doors, and is available with LED lighting and our remote controlled Eby E-Lock system. Eby service bodies are easy to install and backed by an industry leading warranty.

RENEGADE GN

GOOSENECK SERVICE BODY

8'5", 9'3", and 11'3" LENGTHS

The RENEGADE GN, our Gooseneck Service Body, gives vocational fleets a fully equipped service platform with massive towing capacity and unmatched tool storage. With a grippy partial sheer punched 3/16" aluminum floor, integrated gooseneck tow hitch, and tons of organized cabinet storage, crews can haul trailers in the morning and run service calls all afternoon without switching units.

Some features depicted are optional. Specification and features are subject to change without notice, contact an authorized Eby distributor or retail location for details.

LANDSCAPE BODIES

THE RIGHT BODY FOR EVERY JOB.

The most successful landscape companies understand that every interaction shapes their reputation. Eby landscape truck bodies combine professional appearance, premium craftsmanship, and proven durability to help your business project confidence, earn trust, and stand apart from the competition.

FLEX

REMOVABLE SIDES LANDSCAPE DUMP BODY

9'4", 11'4" AND CUSTOM LENGTHS AVAILABLE

The FLEX is built for demanding landscape work with a heavy-duty Harsh hydraulic hoist system, a precision built sub-frame and lightweight removable sides that can be installed or removed in seconds. The cab protector holds two wheelbarrows with solid tie down points, and the spring loaded tarp system stays out of the way when not needed giving you the flexibility to handle a wider range of jobs with a single truck.

Stocked and available for quick delivery at Eby Authorized Distributors throughout the U.S.

Some features depicted are optional. Specification and features are subject to change without notice, contact an authorized Eby distributor or retail location for details.

CHIPPER

LANDSCAPE BODIES

BUILT TO YOUR SPEC

Built for demanding tree care and landscape operations, the Eby CHIPPER body is designed to maximize productivity in the field. Lightweight, corrosion-resistant aluminum construction, integrated tool storage, and easy-access compartments provide the durability, organization, and functionality crews need to work safely and efficiently every day.

EDGE

LANDSCAPE DUMP BODY

9'4" AND 11'4" LENGTHS

The Eby EDGE is an all-aluminum landscape body designed to work harder and last longer. Its lightweight construction boosts payload and helps cut fuel costs, without sacrificing strength. Available with multiple rear door styles, backpack or under-body toolboxes, and top-tier hoists and hydraulics, the EDGE is finished with steel ICC protection and the attention to detail that sets Eby apart.

Some features depicted are optional. Specification and features are subject to change without notice, contact an authorized Eby distributor or retail location for details.

FULLBACK

GENERAL PURPOSE DUMP BODY

96" AND 102" LENGTHS

The Eby Fullback is a general purpose aluminum dump body built for contractors who need strength, reliability, and real payload efficiency. Its heavy-duty aluminum sub-floor, hardened quarter inch floor, eight ton hoist, and rugged bulkhead handle tough all year long work without the rust and corrosion issues of steel. Eby's spring loaded retractable tarp system is built in standard.

(shown with optional rear step)

DROP SIDE

9'4", 11'4" LENGTHS
OPTIONAL 6" OR 15" SIDES
WITH TAILGATE.

The Drop Side body is a designed for durability, functionality, and efficiency. This body makes loading and unloading faster and easier with 16" high extruded fold-down sides and an integrated step. Drop Side bodies are constructed with a heavy-duty .140 aluminum diamond plate floor and a slam-close tailgate. Eight recessed tie-downs in the back ensure secure cargo handling, and the tapered bulkhead with full window grille gives you optimal visibility on the road.

Some features depicted are optional. Specification and features are subject to change without notice, contact an authorized Eby distributor or retail location for details.

FLATBED BODIES

LIGHTWEIGHT STRENGTH BUILT TO GET THE WORK DONE.

Engineered for hardworking professionals, Eby flatbed truck bodies maximize payload without sacrificing strength. All-aluminum construction reduces maintenance, improves fuel efficiency, and provides long-lasting durability.

FLATBED DUMP

9'4", 11'4" LENGTHS
OPTIONAL 6" OR 15" SIDES
WITH TAILGATE.

The Eby Flatbed Dump body is ideal for hauling materials across any construction, landscaping, and agricultural job site. With corrosion-resistant aluminum construction the Eby body delivers superior payload capacity, reduced maintenance, and long-term value, making it a standout among flatbed and dump bodies alike.

Some features depicted are optional. Specification and features are subject to change without notice, contact an authorized Eby distributor or retail location for details.

FREE COUNTRY

SKIRTED FLATBED TOWING BODY

8'6", 9', 11' LENGTHS

The sleek design and versatility of our Big Country flatbed is famous nationwide. Our all new Free Country skirted flatbed takes towing bodies to the next level! We've added integrated cabinets on both sides for tool storage, custom tie down brackets, a gooseneck hitch trap door, integrated steps and custom LED lighting which means you have everything you need to get the job done.

BIG COUNTRY

FLATBED TOWING BODY

7', 8'6", 9' AND 11' LENGTHS
OPTIONAL 6" OR 15" SIDES
WITH TAILGATE.

The Eby BIG COUNTRY flatbed towing body was made for big jobs. With a standard trap-door for a gooseneck hitch, you can pull your Eby livestock trailer, equipment trailer, or even an RV and still have plenty of room for cargo in the bed. Heavy-duty aluminum construction means your Big Country bed will take whatever you dish out and always look great no matter what chassis you put it on.

Stocked and available for quick delivery at Eby Authorized Distributors throughout the U.S.

Some features depicted are optional. Specification and features are subject to change without notice, contact an authorized Eby distributor or retail location for details.

PLATFORM BODIES

STRENGTH AND VERSATILITY WHERE YOU NEED IT.

Step up to an Eby all-aluminum platform stake body, engineered with high-strength long sills and cross-members to haul more while reducing weight, lowering fuel consumption, needing less maintenance and outlasting steel bodies. With customizations and flooring options available to fit your specific needs, Eby platform bodies are the smartest way to streamline your workflow and maximize efficiency on the job site.

POWERHOUSE

PLATFORM STAKE-SIDE BODY

7' TO 32' LENGTHS

The POWERHOUSE platform stake is the perfect platform for hauling big payloads. It's lightweight, rust-proof, and handles bigger payloads while consuming less fuel than heavier steel platform stake bodies. Year after year, the platform stake body is a proven winner that offers the lowest total cost of ownership in it's class.

Some features depicted are optional. Specification and features are subject to change without notice, contact an authorized Eby distributor or retail location for details.

FLEET PROJECT MANAGEMENT

TRUCK BODIES BUILT FOR YOUR SPECIFIC NEEDS.

We love designing truck bodies with workflow efficiency in mind. From our roots building wood and steel cattle bodies back in 1938, to our all-aluminum product line of heavy-duty truck bodies and trailers today, we've grown because we always remember that your business is unique. Listening to customers and building equipment that makes their lives easier and more productive is what makes us tick. Contact us today and get started working with our engineers to take your fleet to the next level.
